WEEK

WORLD in Stockholm, August 16–22, 2009 WATER WEEK

Environmental Flows for Sustainable Development, Poverty Alleviation, and Biodiversity Conservation

Global Environmental Flows Network (eFlowNet), USAID Global Water for Sustainability Program (GLOWS), Conservation International, Deltares, International Union for Conservation of Nature (IUCN), Swedish Water House (SWH), The Nature Conservancy (TNC), UNEP-DHI Centre for Water and Environment (UDC) and World Wide Fund for Nature (WWF)

Integrated Water Resources Management

“is a process that promotes the coordinated development and management of water, land and related resources, in order to maximize the resultant economic and social welfare in an equitable manner without compromising the sustainability of vital ecosystems” (GWP, 2000)

Environmental Flows

“the quantity, timing, and quality of water flows required to sustain freshwater and estuarine ecosystems and the human livelihoods and well-being that depend on these ecosystems”

(Brisbane Declaration, 2007)

Programme

- 14:00 Welcome and Introduction. *Michael McClain, UNESCO-IHE*
- 14:05 Environmental Flows as a Tool for Hydropower Sustainability.
Peter Bergsten, Vattenfall Power Consultant, Sweden
- 14:20 Promoting Best Management Practices in Thirsty Crops – A Solution to Stop Indus Running Dry.
Hammad Naqi Khan, WWF Pakistan
- 14:35 Food and Environmental Flows: Strange Bedfellows? *David Molden, Deputy Director General, International Water Management Institute (IWMI)*
- 14:50 The Importance of Environmental Flows to Biodiversity and Ecosystem Services. *Ian Harrison, Conservation International/IUCN and Brian Richter, The Nature Conservancy*

Programme Continued

- 15:05 The Red Queen is Treading Water: The Problem of Climate Change, Shifting Flow Regimes, and Environmental Flows.
John Matthews, WWF
- 15:20 Summary. *Anna Forslund, WWF/Swedish Water House*
- 15:30 Coffee Break
- 16:00 **Open discussion** initiated and motivated by a panel of discussants, including *Brian Richter, TNC, Veronica Strang, University of Auckland,* and *James Dalton, IUCN*
- 17:30 Close – Move to SWH Booth for Launch Event (Wine & Snacks)

With great pleasure, the Global Environmental Flow Network (eFlowNet) and partners invite you to a:

Joint publication launch

Securing Water for Ecosystems and Human Well-Being: The Importance of Environmental Flows

Securing Water for
Ecosystems and Human
Well-being: The Importance
of Environmental Flows

Date: Sunday 16 August 2009 from 17:45

**Venue: Swedish Water House Booth, Exhibition Floor
Stockholm International Fairs**

Drinks and snacks will be served
